Based on our best knowledge and the latest information received from our Suppliers, we declare that the above mentioned products do not contain SVHC (Substances of Very High Concern) of Candidate List with a concentration above 0.1% weight by weight (communication in accordance with the article 33.1 of REACH Regulation).

The concentration of 0.1% weight by weight is to be understood as calculated on the single components, as stated by the judgment of the European Court of Justice of 10th September 2015 – Case C-106/14. This declaration is provided in reference to the Candidate List published by ECHA on 27th June 2024 (241 SVHC substances).

If the radiator is purchased with a valve, lockshields and/or thermostatic head, consider the table below.
